

Royal Building Products

Great Ideas Taking Shape.

shutters, mounts and vents

Enhance the exterior of any home

Meterbase Mount

Large mounting surface allows for the easy installation of oversized items.

b-Vent and d-Vent Exhaust Vents

Exhausts the bathroom and dryer to the outside.

Recessed Split Mount

Fits easily around water faucets and receptacles, and provides a tight seal.

Electrical Mounts

Code-approved mounting block easily handles light fixtures and electrical receptacles.

Gable Vents

Provides attic ventilation for the home, keeps water out and lets air flow in.

home finishings

Shutters

One-piece, woodgrain design accentuates the beauty and charm of any home.

You know that to finish a home right, you need the right finishing touches.

That's exactly what you get with Shutters, Mounts and Vents from Royal Building Products.

As a building products leader, headquartered in North America, we engineer our Shutters, Mounts and Vents to exceed your demands for long-lasting durability, strength and easy installation with vinyl and fiber-cement siding.

They serve a valuable practical purpose, such as venting dryers and securing lights and, since color matching is never a problem, they beautifully enhance the exterior look of any home.

Royal Building Products offers exterior engineering at its finest.

shutters

Decorating a home so it's warm, inviting and beautiful is not just for the inside.

Exterior Shutters from Royal Building Products accent any home's beauty, creating an attractive appearance from every angle. With their rugged, functional durability, our shutters effortlessly blend the inherent beauty of wood with incredible strength and weather resistance.

Keeping homeowners happy becomes easier with our shutters:

- Shutters by Royal feature a one-piece design that's built heavier than industry standards
- Integrated UV protection together with our unique color-through process means rich, vibrant color that resists fading and scratching so they look new for years
- Their maintenance-free, natural wood look never needs painting, scraping or staining
- Both screws and plugs included for easy installation onto any siding surface

Whether you choose **louvered** or **raised panel** shutters, you will enjoy a product built for long-lasting beauty and strength. Both styles are available in 19 captivating colors designed to match any home or property, with a detailed, variegated woodgrain design that looks natural and realistic.

Engineered to stand up to everything from summer heat to winter cold without cracking or breaking, they come in a wide assortment of sizes that makes it easy to accommodate any installation.

Louvered Panel

Raised Panel

mounts and vents

Mounts and Vents from Royal Building Products are the very definition of “form meeting function,” and their industry-leading designs reflect our decades of experience developing siding products and accessories. We offer you a broad product line complete with unique features that provide unmatched advantages.

- Interior snap allows installation of mounts* and vents on vinyl siding or fiber cement
- Multiple snapping positions simplify installation on standard vinyl and insulated siding
- Each product is individually bagged to preserve its ideal condition
- Engineered color matches to most major siding manufacturers
- Easy-to-use cross-reference helps you find any product color for your need
- Larger mounting flanges, unique water-diverting designs and one-piece finishes (vs. the industry standard trim ring) mean the right product for any job

*Except for Electrical Mounts

electrical mounts

Our Electrical Mounts allow you to easily install light fixtures and electrical outlets on homes with vinyl or insulated siding. With a color palette that matches most siding manufacturers, you'll have the right products for any job.

Ideal for new construction or remodeling projects, our electrical mounts:

- Ensure proper installation of light fixtures and electrical receptacles with built-in, code-approved mounting block
- Keep wires safely hidden to protect the home while providing a beautiful, clean, finished look
- Seal off the wiring from the elements with a pre-installed, airtight electrical box self-contained inside the mount

*No special screws required. Simply use screws supplied with light fixture.

standard mounts

Coach Cover

Installs easily over the Electrical Mount to increase the mounting surface for large coach light fixtures.

Standard Mount

Provides a level, water-resistant mounting surface for all exterior accessories.

Large Standard Mount

The right choice to mount larger accessories, address numbers and other items requiring a bigger mounting surface.

Meterbase Mount

Provides the largest mounting surface for meterbases, hose reels and any other large utility items, plus an offset flange allows you to stack meterbases next to each other for gang meters.

Like our Electrical Mounts, our mounts for faucets, electrical meters, house numbers and other items are durable, strong and virtually maintenance-free. They easily handle the toughest weather conditions, never need painting or staining, and their powerful UV protection means they'll hold their color over the years.

Royal has designed our mounts:

- To feature a wide selection to accommodate a variety of applications on both new construction and remodeling projects
- To install easily on vinyl, insulated and fiber-cement siding
- In a range of popular colors to match most manufacturers' siding colors
- With a color-through process that resists fading and hides scratches

Mini Mount

Used for mounting doorbell buttons and other small items.

Recessed Mini Mount

Mount receptacles effortlessly, thanks to the cutout.

Recessed Split Mount

Fits easily around existing water faucets and receptacles, and creates a nice seal with a clean, attractive finish. Larger than the industry standard to provide more room for turning faucet handle.

Recessed Cover

Fits easily over the Recessed Split Mount with a push snap to protect faucets from winter elements.

Flush Mount

Ideal for mounting exterior objects after siding has been installed, and fits easily on top of Double 4" and Double 5" siding.

vents

Practicality and energy efficiency can be a beautiful thing.

Royal Building Products Utility and Gable Vents serve an important function in every home, and their durable, weather-resistant designs are aesthetically pleasing as well. Simple to install, with a range of styles and colors to select from, they're the perfect choice for any project.

Utility Vents

b-Vent / Exhaust Vent

- Low-profile exhaust vent
- Built-in grids to keep birds and rodents out
- Cover snaps on and off easily for quick installations and maintenance*
- Available with or without 4" aluminum tube

s-Vent / Exhaust Vent Cover

- Ideal when mounting an exhaust vent in a soffit
- Snaps easily onto b-Vent

d-Vent / Exhaust Vent

- Unique paddle wheel design prevents birds and rodents from entering vent while air is being exhausted
- Inner flap is recessed into base when dryer is turned off, further preventing bird and rodent entry
- Cover snaps on and off easily for quick installation and lint removal*

You'll find our vents:

- Are easy to install on any vinyl, insulated and fiber-cement siding
- Are available in a variety of colors so you can easily match most manufacturers' siding options
- Keep their good looks for years to come thanks to our color-through process
- Protect against fading, peeling or chipping with our maintenance-free design

Gable Vents

Royal's Gable Vents feature a special design that eliminates the need for flimsy screens or trim rings. They are built to let air in and to keep everything else out, providing better attic ventilation and temperature control.

Octagon

Round

Square

Vertical

Round Top

Half Round

Baffle System

Unique design prevents water from entering attic space while allowing air to flow freely.

Screen System

Tough molded in-screen system will not tear like conventional screens – bugs and birds can't damage it, so it lasts and lasts. Includes a drain hole for water to flow freely.

Easy Installation

Includes nearly 2" of channel to simplify siding installations and create natural one-piece appearance.

Water Drainage

Ramp system diverts water back out and down to drain, keeping water away from the vent system.

measurements and dimensions

We offer an array of shapes, colors and designs so you can quickly find the right Shutters, Mounts and Vents to complete each project.
